# GREAT DA

FOR GETTING THINGS DONE BY PHONE

So maybe the rain is coming down in sheets.

Thunder booming. No matter how wretched the weather, you can keep right on using your telephone.

Some years ago, bad weather might have affected your telephone service.

Today, things are different. Most telephone cables are now filled with pressurized dry air. If a cable springs a leak, the force of the escaping dry air holds out moisture and keeps phones working. An alarm automatically tells repairmen the location of the break. Usually, the trouble is fixed and you never know anything was wrong.

you never know anything was wrong. So go ahead and use your phone when the sky opens up and the rain-comes down. Presurizing telephone cables to give you storm-proof dependability is another improvement made with you in mind. Our never-ending goal is to improve your telephone service and make it more valuable to you.

SOUTHWESTERN (A) BELL

Making telephone service better to serve you better

Just a Half Block North of Schermer's

We put the

inside story

Ever wonder what's in a soft drink? Seven-Up tells you. Turn the bottle around. drink? Seven-Up tells you. Turn the bottle around. There's the story. Each ingredient is as per-fect as nature and science can make it. For example, the lemon and lime oils. Only the very essence, as little as 5% extracted from the peel of the fruit, is deli-cate enough for 7-Up. Vital, too, is the exclusive way ali ingredients are combined to give you more than just a unique flava. Uncap a chilled 7-Up. Take a sip. Roll it over your tongue, then swallow. Right away, your mouth and throat feel fresh, awakened. And with the last sip, not only is thirst gone, but you have a fresh-all-over feeling. Now you know what "fresh up' with 7-Up" really means! SEVEN-UP on the outside

# Sales Tax Causing Industries

Lose Federal Contracts

A proposed new law exempting industries from paying sales taxes on government contracts would cost the state about \$1,500,000 a year. But the loss would be eased considerably by the knowledge that Illinois firms no longer would be handicapped in competing for federal contracts. The large number of apponsors of the legislation indicates widespread recognition that the tax that the long the proposed proposed in the proposed proposed in the proposed proposed in the proposed proposed in the proposed proposed

several weeks with her father in Marshall, Ind.

Mrs. Neal Bradshaw of Jones broot, Tenn, has returned home after visiting her sister. Mrs. S. J. Williams of Mitchell.

Mr. and Mrs. Walter Combs of Granite City were Sunday guests of Mr. and Mrs. Walter Perliz of Michell.

John and Ben Page of Tower Hill are visiting the home of Mitchell.

John and Ben Page of Tower Hill are visiting the home of Mitchell.

Tri-City bowling enthusiasts were happy to hear of the sorters of Mitchell.

Tri-City bowling enthusiasts were happy to hear of the sorters of Mitchell.

Tri-City bowling enthusiasts were happy to hear of the sorters of Mitchell.

Thempson Chevrolet team, which is participating in the 38th annual American Bowling Congress in Chicago.

In the team event, the local men scored 2773 points, John Evans was high with 375 and up with 589, Andrew Gassparovic had 536, Ralph Lerch 539 and Charles Neighet 344.

Leo Mackledon, son of Mrs. Berth Mackledon, 1838 Seventin Where does legend end and fact begin in the story of St. Patrick? Mankind will never know precisely, for it has been nearly 1009 years ance his birth, and little besides his own writings can be accepted with certainty. But there is no question that the saint, whose feast day is celebrated throughout the world each March 17, made a major impact on, Ireland and on the era in which he lived.

lived.

Born in England or Scotland, he lived an adventure-filled life, being captured by frish pirates at the age of 16. He became a Christian during six years of slavery and then became a monk after escaping to France. In 432, a vision caused him to return to Ireland as a missionary bishop; his labors were so successful that he became known as the one who "found Ireland all heathen" and left it "all religious."

"all religious."
Active in eliminating a slave class from the written laws, St. Patrick is perhaps best known for the legend in which he charmed the snakes, leading them to the seashore, where they drowned. And though history does not record his favorite color, his memory is now inseparably interwoven with the yearly Irish tradition of "wearing of the green."

# Scholarship Foundation Can Make

Use Of Increased Contributions

Annual fund solicitation by the Granite City
Scholarship Foundation deserves the backing of
organizations and business firms interested in encouraging local high school graduates to continue
their education.

couraging local high school graduates to continue their education.

Already instrumental in keeping many students in school beyond the high school level, the foundation primarily provides funds to aid those seeking to start college and has been serving an increased number each year.

Further expansion is planned this year. In view of the mushrooming size of the high school graduating classes, every dollar contributed can be put to excellent use.

Local Industrial Plants Continue

A gradual increase in employment and production at the local Commonwealth plant will result from the local Commonwealth plant will result from the local Commonwealth plant will result from the local Commonwealth plant when the local Commonwealth plant here is being remodeled to manufacture large industrial castings. This announcement by General Steel follows many others in the past in which Quad-City firms have revealed plans for expansion or increased activities in the local commonwealth of the local Commonwealth of the local Commonwealth of the local Commonwealth of the local Community.

# Steadily Increasing

The plan to move the children's department to the ground floor is a measure of the popularity of the Granite City public library, which needs the extra space on the main floor for reference, study and reading by adults, college students and high school pupils.

With establishment of Southwestern Illinois University and with population increases, still greater use of the library is anticipated in the future.

ture.

This is a happy outlook, for a library's worth
to a community increases in direct ratio to the
services it is called upon to provide. It is the wellthumbed books that are the most valuable.

#### Girl Scouting Remains Highly Popular Program In Quad-Cities

pular Program In Quad-Cities

Girl Scout Week activities, to be climaxed tonight with an "international friendship" dinner, call
attention to the diversity and popularity of the
scouting program, which currently includes 2085
girls and 320 adult leaders in the Quad-Cities.
For more than a half century, Girl Scouting
has been instilling high standards of conduct
through observance of such laws as "A Girl Scout
is loyal... a friend to all, a sister to every other
Girl Scout... courteous... a friend to animals
... cheerful... thrifty... clean in thought, word
and deed... is to-be trusted... obeys orders
... and has a duty to be useful and to help
others."

#### Civil Service Added To Plan For Re-Electing Treasurers, Sheriffs

Elimination of the ban on re-election of county asurers and sheriffs — already defeated three uses by Illinbis voters—may be submitted again, a time along with civil service systems for the
